- Develops bridge rehabilitation concepts & prepares alternatives evaluations
- Performs hydraulic/hydrology calculations for structures
- Prepares drawings – MicroStation/AutoCAD
- Coordination with multi-discipline design team
- Assist in the preparation of scoping documents, level of effort estimates and contract documents
- Creates proposals/presentations for clients

BACKGROUND REQUIREMENTS INCLUDE:

- BS or MS in Civil Engineering with structural emphasis
- PE licensure in WI or ability to obtain within 6 months
- Software proficiency - structural design, hydrologic & hydraulic, estimating, CAD (MicroStation & AutoCAD) & MS Office
- Minimum of 6 years structural experience
- Knowledge of FHWA, AASHTO (LRFD Bridge Design), WisDOT (Bridge Manual), MBE & other regulatory procedures & standards
- Structural engineering principles expertise: general, bridge, foundation & retaining wall
- Excellent communication/presentation skills

WE OFFER:

- Excellent salary & bonus program
- Casual work environment
- Flexible hours – work/life balance
- Paid holidays
- Paid time off
- Medical, dental & vision insurance
- Life insurance
- Long & short term disability insurance
- 401K & profit sharing plan
- Section 125 Flexible Benefit Plan
