

## **Moline IL Director of Engineering**

The City of Moline, IL (population 42,985) is seeking a Director of Engineering to lead the Engineering Department's 16-member professional staff and direct the design and construction of major municipal infrastructure and facility projects.

The City of Moline is in Rock Island County, Illinois, and makes up part of the "Quad Cities" along with East Moline, Rock Island, Bettendorf, and Davenport. Chicago is 175 miles to the east of Moline and Des Moines is 160 miles to the west. Infrastructure, ranked as a priority by residents in the City's 2022-2024 strategic plan, encompasses water, sewer, street, sidewalk, and transportation projects that will be a primary focus for the Director of Engineering.

The Director of Engineering oversees an annual operating budget of \$1.7 million and an average annual capital budget of \$17.2 million. As a department head, this position serves as a member of the City's management team and works in collaboration with other City departments and government entities to address engineering design needs and ensure the safety of public infrastructure. The Director of Engineering has the discretion to augment the City's engineering staff by drawing on needed talent from an approved pool of consulting engineering firms.

The salary range for this position is \$110,455 - \$154,637. The anticipated starting salary is \$132,546 +/- DOQ/E. The City provides health insurance benefits and participates in the Illinois Municipal Retirement Fund, which includes pension, short-term disability, and permanent disability programs.

The Director of Engineering position requires a bachelor's degree and seven years progressively responsible experience in civil engineering, including at least three years of supervisory experience; or equivalent combination of training and experience, which provides the required knowledge, skills and abilities. The successful candidate must be licensed as a professional engineer (PE) in the State of Illinois or able to obtain such licensure in a reasonable period of time.

Qualified candidates please submit your cover letter and resume online by visiting our website at:
